

core.office

6 REASONS WHY TO CHOOSE OUR VIRTUAL WORKSPACE

RELIABLE LOCATION

- State-of-the-art server infrastructure in Swiss data centers
- Distribution of your workstations in modern Swiss data centers
- Secure hosting in professional Swiss data centers

LOW PRICES

- All-inclusive flat rate with fixed monthly price: No additional local software required any more
- No high IT investments in hardware and software
- Reduction of support costs for your local infrastructure
- You only pay for the services you actually use

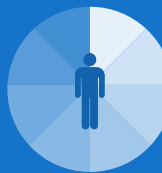

FLEXIBLE

- All desired software is installed and available at any time
- Mapping of any individual IT environment possible
- Access to all your data and programs with your virtual desktop computer from any end device
- Pursue your work productively and independent of location

FAST

- Your IT is immediately ready for use
- New employees can be activated in a few minutes
- Virtual workstations accessible at any time and from anywhere
- Fast, fail-safe connection to our data centers

PERSONAL

- Maintenance, care and monitoring of your virtual workstations
- Support by your personal contact person

CORE.OFFICE

Book our complete IT outsourcing as well as provision of the virtual office environment incl. 1st and 2nd level support.
